About MITCORER:

MITCORER (MIT College of Railway Engineering and Research), Barshi, under the MIT Group Pune, offers quality engineering education with a strong focus on practical learning and industry-ready skills. The campus features modern classrooms, advanced laboratories, a digital library, hostels, transportation, workshops, a cafeteria, and excellent sports facilities. Students also benefit from internships, industrial visits, placement assistance, research opportunities, mentorship, and extracurricular activities, ensuring their overall academic and professional development.

Our USPs:

Quality degree education for future engineers.

Practical learning with strong academic support.

CAP and Non-CAP admissions open.

Build your engineering career with MITCORER Degree.

Skill-based learning for industry readiness
