

DEPARTMENT OF MECHANICAL ENGINEERING		
AY : 2019-20	Industrial Visit Report	Class: SY
Semester: I		Date: 14/09/2019

Course: Mechanical Engineering

Industry: Precision Camshafts Ltd., Solapur

Address: Solapur

Report:

The visit to Precision Camshafts Ltd., Solapur was planned by the Mr. A. A.Pawar and Mr. V.S. Jagadale to the Precision Camshafts Ltd., Solapur on 14th Sept 2019 as per the syllabus of Second year which include the industrial visit in current academic year.

The visit started at 10.30 am in the morning all the students gathered at the entrance gate of Precision Camshafts Ltd., Solapur there we had the counting and attendance of the students with the guide which we need to follow during the visit.

The details of visit are below:

Precision Camshafts Limited (PCL) is one of the largest camshaft manufacturers in the world. PCL supplies camshafts to major OEMs around the world and is one of the one suppliers to manufacture all types of camshafts under one roof - Chilled cast iron, Ductile Iron, Hybrid Camshafts and Assembled Camshafts.

During this visit we observed Foundry shop, Machine Shop, various advance casting processes and various quality inspection processes.
