

DEPARTMENT OF MECHANICAL ENGINEERING		
AY : 2019-20	Industrial Visit Report	Class: TE
Semester: I		Date: 21/09/2019

Course: Mechanical Engineering

Industry: Ujani Dam, Ujani, Solapur

Address: Ujani, Solapur

Report:

The visit to Ujani Dam, Ujani, Solapur was planned by the Mr. A. A. Pawar along with Mr. Sameer Beg to the Ujani Dam, Ujani, Solapur on 21st Sept 2019 as per the syllabus of Third year which include the industrial visit in current academic year.

The visit started at 10.30 am in the morning all the students gathered at the entrance gate of Ujani Dam, Ujani, Solapur there we had the counting and attendance of the students with the guide which we need to follow during the visit.

The details of visit are below:

Ujjani Dam, also known as Bhima Dam or Bhima Irrigation Project, on the Bhima River, a tributary of the Krishna River, is an earthfill cum Masonry gravity dam located near Ujjani village of Madha Taluk in Solapur district of the state of Maharashtra in India.

A pumped storage type powerhouse has been built at the toe of the dam with an installed capacity of 12 MW (one unit of vertical Francis-reversible pump turbine) on the left bank of the dam, 65 m (213 ft) downstream from the axis of the dam.
